

**DETAILED ACTION**

**EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Lavanya Rau on 05/20/2010.

The application has been amended as follows:

Claim 6 at line 1 read:

"The amplification system of Claim 1,"

And is now to read:

- - - "The amplification system of Claim 2," - - -

This change is being made to account for a claim dependency problem encountered when a set of withdrawn claims was rejoined in the previous allowance of the application.
